ACTION REQUIRED:

Resubmit data and confirm you are based in the UK by 31 December 2022

Biocidal active substance and product suppliers included on the EU Article 95 List at the end of the EU exit transition period on 31 December 2020 were automatically added to the GB Article 95 List. (GB = Great Britain)

- Confirm to HSE that you (or your representative) are established in the UK (Great Britain or Northern Ireland).

Suppliers that fail to complete both actions by 31 December 2022 will be removed from the GB Article 95 List.

BUSSINES IMPACT:

- Biocidal products containing active substances sourced from suppliers that are removed from the GB Article 95 list cannot be supplied in GB
- Product suppliers are advised to check with their active substance supplier that the necessary actions are being taken.
